**PETITIONING THE COURT**

To modify the conditions of supervision as follows:

**Under the guidance and direction of the U.S. Probation Office, the defendant shall participate in a program of psychiatric and mental health services and shall comply with any medication requirements, as prescribed by the treatment provider.**

**CAUSE**

Based on Mr. Cannon's self-reported behavioral symptoms which include depression, anxiety, and to a degree, some agitation with people in general, as a precautionary measure, the U.S. Probation Office visited with Mr. Cannon about possibly receiving mental health treatment as opposed to substance abuse counseling. The U.S. Probation Office nor Mr. Cannon disagree that he has had a drug problem, but it appears at this time, that mental health treatment is the most appropriate course of action.

The U.S. Probation Office respectfully recommends that the Court modify the conditions of supervised release as noted above. Attached for the Court's review is the *Probation Form 49, Waiver of Hearing*, signed by Mr. Cannon agreeing to the modification for mental health treatment.
